

SWETANK KUMAR

Software Engineer Intern (SDE)

New Delhi, India | swetankkumar15f@gmail.com | +91-8863338159 | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

SUMMARY

Computer Science undergraduate with hands-on experience in C/C++ software development, data structures and algorithms, and version control. Completed a Software Engineer internship applying core programming and debugging skills to real projects. Actively solving algorithmic problems and building independent projects; seeking an SDE internship to apply strong problem-solving and coding fundamentals.

TECHNICAL SKILLS

Languages: C++, C, Java, JavaScript, Python (Intermediate)

Web Technologies (Learning): HTML5, CSS3, JavaScript, Responsive Web Design

Tools & Platforms: Git, GitHub, VS Code, Windows

Core Competencies: Data Structures & Algorithms, Object-Oriented Programming, Problem Solving, Software Development Life Cycle, Debugging, Version Control

EXPERIENCE

Software Engineer Intern — Pinnacle Labs

Remote | June 2026 – July 2026

- Developed and debugged multiple software projects using C and C++, applying core data structures and object-oriented programming principles.
- Collaborated in a virtual internship environment, delivering working project modules within a 4-week development cycle.
- Awarded internship completion certificate for demonstrated technical skill and consistent contribution to assigned tasks.

PROJECTS

ATM Simulator — C++

- Built a console-based ATM simulation in C++ featuring secure PIN authentication, deposits, withdrawals, and balance inquiry.
- Designed a clean, menu-driven interface to handle end-to-end transaction flow with input validation.

Code: github.com/Swetu07/ATM-Simulator-C

EDUCATION

Bachelor of Technology in Computer Science Engineering — KCC Institute of Technology and Management, Greater Noida

Expected Graduation: May 2028 | Grade: A

Class XII (Information Technology) — St. Xavier's School

2024 | Grade: A+

CERTIFICATIONS

- Software Engineer Intern — HackerRank (2026)
- Generative AI for All — Microsoft India (2026)
- Google Vertex AI — Google Cloud Platform

ACHIEVEMENTS & ACTIVITIES

- Actively solving data structures and algorithms problems on LeetCode to strengthen problem-solving skills.
- Participate in coding competitions and hackathons to build competitive programming experience.
- Contribute to open-source projects on GitHub to gain real-world development experience.
